

Brazen Chariots (9 Oct 21)

Counters:

- 200 Pio Bn (5.Le Div) should have an Assault Arrow on its deployed (slow).
- The AT Polish AT Bn (SBSK) is Limited AV, it is not Red AV. (Easy to confuse because of the counter's red color).

Map:

- C37.31 is considered to be an "All Around Fort" for Isolation purposes.

Rules:

- For 2.3, the statement (*they have an 0-MLA only so that they are not destroyed when they Retreat*) is incorrect. It should read (*they have an 0-MLA but ignore all Retreat results*).
- Fort hexes (any kind) do not qualify as Open hexes for purposes of the +2 Red AV DRM for defenders.
- "Locked" Formations are "just ignored" in that they cannot Activate, but they do count for Mixed Formations.
- Add to the reasons a Locked Formation that is released from Lock in 1.12b part b: Cutting a Formation's MSR is considered to be an Attack.

Scenarios:

Scenario 5.4

- 7 Arm Bde CT s/b in C62.34, not C62.29.
- Ignore the comma in the 27 May reinforcements before "Inf Col" that is the unit type and size for the three Rifle battalions before it, not its own unit.

Scenario 5.5

- 2 QOCH (11/4 Ind) is considered to have a Safe Path if it can trace back to any CW Supply Source.

Scenario 5.6

- The Assigned to "18/7" references in 18 Aus Inf Bde should say "18 Aus"
- 2/32 Aus Inf Bn (24 Aus) s/b in A15.15, not A16.20 but the 2/24 Australian Inf Bn (24 Aus) **STILL** sets up in A16.20

Scenario 5.7

- The 70 Inf Div should start Locked.

Scenario 5.8

- Ignore Bardia in the Victory Conditions, the Axis merely must avoid the CW conditions to win. (*Yes, that means a draw is impossible, but leave that in there, just in case*).
- Ignore the 28 Nov 41 Axis OOA entry that states "B36.35 becomes an Axis Supply Source." It is always an Axis Supply Source in this scenario.
- For the Axis set up, set up KG Briel (incl. the DAK Dump) and wire breach markers in addition to the Formations listed.

Scenario 5.9

- 22 Gds Bde Formation marker should not set up at start, it is a reinforcement.
- The following are intended and correct as listed—the designer's powers are strange and mysterious; he can do things you can't:
 - Units in Pavia and Bologna have moved since the campaign began (but before this scenario) in spite of being locked.
 - The Afrika Div is **NOT** Locked.
 - Wechmar is **NOT** screening at start.

Scenario 5.10

- 22 Gds Bde Formation marker should not set up at start, it is not in this scenario.
- Rommel is available in this scenario from the start.
- Yes, the Locking Conditions here are different from 5.9... the difference is due to this scenario's small size

Scenario 5.11

- Brescia and Trento Divs should **not** be Locked. (**All** formations have been unlocked.)
- 2/13 Aus Bn (70 Inf) s/b in A11.19, not A10.13
- 4 Ind Inf Div (-) HQ (et al) set up in C48.13, not C47.04
- 2/18 LW "88" Co is missing. Add it and assign to Savona as Support.
- IV Italian Tkt Bn [2] has no step loss and is full strength.
- Add Savona's CT to the Combat Trains off map.
- Rommel is available.

Scenario 5.12

- Rommel is available

Brazen Chariots *under* BCS 2.0 (21 May 20)

- 1) Trafficability is always Good.
