

# Brazen Chariots (17 Feb 26)

## Counters:

- 200 Pio Bn (5.Le Div) should have an Assault Arrow on its deployed (slow).
- The AT Polish AT Bn (SBSK) is Limited AV, it is not Red AV. (Easy to confuse because of the counter's red color).

## Map:

- C37.31 is considered to be an "All Around Fort" for Isolation purposes.

## Rules:

- For 2.3, the statement (*they have an 0-MA only so that they are not destroyed when they Retreat*) is incorrect. It should read (*they have an 0-MA but ignore all Retreat results*).
- Fort hexes (any kind) do not qualify as Open hexes for purposes of the +2 Red AV DRM for defenders.
- "Locked" Formations are "just ignored" in that they cannot Activate, but they do count for Mixed Formations.
- Add to the reasons a Locked Formation that is released from Lock in 1.12b part b: Cutting a Formation's MSR is considered to be an Attack.

## Scenarios:

### Scenario 5.4

- 7 Arm Bde CT s/b in C62.34, not C62.29.
- Ignore the comma in the 27 May reinforcements before "Inf Col" that is the unit type and size for the three Rifle battalions before it, not its own unit.

### Scenario 5.5

- 2 QOCH (11/4 Ind) is considered to have a Safe Path if it can trace back to any CW Supply Source.

### Scenario 5.6

- The Assigned to "18/7" references in 18 Aus Inf Bde should say "18 Aus"
- 2/32 Aus Inf Bn (24 Aus) s/b in A15.15, not A16.20 but the 2/24 Australian Inf Bn (24 Aus) **STILL** sets up in A16.20

### Scenario 5.7

- The 70 Inf Div should start Locked.

### Scenario 5.8

- Ignore Bardia in the Victory Conditions, the Axis merely must avoid the CW conditions to win. (*Yes, that means a draw is impossible, but leave that in there, just in case*).
- Ignore the 28 Nov 41 Axis OOA entry that states "B36.35 becomes an Axis Supply Source." It is always an Axis Supply Source in this scenario.
- For the Axis set up, set up KG Briel (incl. the DAK Dump) and wire breach markers in addition to the Formations listed.

### Scenario 5.9

- 22 Gds Bde Formation marker should not set up at start, it is a reinforcement.
- The following are intended and correct as listed—the designer's powers are strange and mysterious; he can do things you can't:
  - Units in Pavia and Bologna have moved since the campaign began (but before this scenario) in spite of being locked.
  - The Afrika Div is **NOT** Locked.
  - Wechmar is **NOT** screening at start.
- Include B26.01 and B35.00 as Axis Supply Sources

### Scenario 5.10

- 22 Gds Bde Formation marker should not set up at start, it is not in this scenario.
- Rommel is available in this scenario from the start.
- Yes, the Locking Conditions here are different from 5.9... the difference is due to this scenario's small size

### Scenario 5.11

- Brescia and Trento Divs should **not** be Locked. (**All** formations have been unlocked.)
- 2/13 Aus Bn (70 Inf) s/b in A11.19, not A10.13
- 4 Ind Inf Div (-) HQ (et al) set up in C48.13, not C47.04
- 2/18 LW "88" Co is missing. Add it and assign to Savona as Support.
- IV Italian Tkt Bn [2] has no step loss and is full strength.
- Add Savona's CT to the Combat Trains off map.
- Rommel is available.

### Scenario 5.12

- Rommel is available

## Brazen Chariots *under* BCS 2.0 (21 May 20)

- 1) Trafficability is always Good.
