

## Forgotten Battles Errata (as of 3/17/25)

### Scenario Book:

Page 19, Scenario Special Rules, first bullet should read: Only Map B is used. The eastern scenario boundary is hexes B31.16 to B31.35 (inclusive), southern boundary B7.16 to B31.16 (inclusive, [B8.15, B10.15, etc. are playable](#)), and western boundary B7.16 to B7.35 (inclusive).

Page 19, Scenario Special Rules, second bullet should read: “The Weather is automatically Freeze with Limited Flight from 15 Dec to 26 Dec 43.” (not 25 Dec 43).

Page 20, right column, hex B22.34 lists the 1 Bal RR Rgt incorrectly. It should be “(2)-1-3 Rail Repair Rgt (1 Balt)”. The counter is correct.

Page 21, left column, hex B26.33, lists the 115 UR Bde as a (5)-2-1 but the unit is a (5)-1-1. The counter is correct.

Page 21, center column, hex B13.25, lists the 4 Feld Division as a 12-3-3 but the unit is a 6-3-3. The counter is correct.

Page 23, center column, hex C11.13 lists the (4)-3-2 Gd AT Bde (3) as the (4)-2-2 Gd AT Bde (3). The counter is correct.

### Marker Countersheet

The three OCS Marker countersheets supplied with the game say “Countersheet Back” on both the Front and Back. The markers themselves are properly printed.

### Rules Clarification:

1.8b: During a Deep Freeze turn, if an HH (Hedgehog) result is rolled, players place it normally.

### Box:

The Box side indicates this is game “4-20” but should be “4-22” (OCS is the fourth series created by The Gamers and The Forgotten Battles is the 22<sup>nd</sup> game in the series).
